Modern Life is proud to present a collection of new works to coincide with the launch of a new gallery in the heart of the artistically enriched community of Stoke Newington.

Examples of works by artists include internationally renowned practitioners as Mario Testino, Tracey Emin, Robert Longo and Sam Taylor-Wood. These works are accompanied by the emerging talent of Kieren Reed, Abigail Hunt, Edward Haddon and Anthony Baxter.

Modern Life is part of an exciting cooperative in the Fifty Five Kynaston Road space, rubbing shoulders with Furniture and Interior designers.
